## TRANSLATION

(Sacred Knowledge)

My heart aches for my beloved, Light of the Universe

Yā Rasūlullāh (Yā Tihāmī), in your love, my heart is immersed

To attain your vision is my heart's utmost desire

And to be with you in Jannah, rising ever higher

O Crown of all creation, how I long for you

O full moon of all perfection, my love for you is true

I'm weak from your love, but strengthen by you O Rasūlullāh

Intercede for me with Allah, Yā Shafi`Allah

Guiding Light of the Prophets, honoured and noble through and through

Best of those with Taqwa, my heart melts in front of you

(Damas.nur.nu)

How long will my heart ache for my Beloved, O Light of the Universe

And call out to you O Rasūlullāh (Yā Tihāmī), O you treasure of goodness

My utmost wish and desire is that I may attain to the vision

And see the Door of Paradise, O you purifier of efforts

O Crown of all creation, I am engrossed in longing and desire

A lover, whose art is praise (of the beloved), O you full moon of perfection

Lift away the burden from me, for love has consumed me and made me weak.

To you I put my hope, O you holder of lofty promises

O you Guiding Light of the Prophets, you are most highly honoured

O you leader of the God-fearing, my heart melts in front of you.
